

Palm Desert Chamber Honors Board Member of the Year *Stacy Thetford Recognized for Efforts on Behalf of Chamber*

Cathedral City, CA (July 20, 2010) — Stacy Thetford, President of Thetford Web Development, was recognized at the Palm Desert Chamber of Commerce annual Awards Dinner and Board Installation on June 30th as Board Member of the Year. Small business owners are known for wearing many hats and juggling many balls. Making additional commitments to support the business community often takes precious time away from working in the business – especially in prime time, during the day.

“I feel fortunate and grateful that my business continues to grow. I believe in putting the customer before anything else *and* in taking time to appreciate the network and relationships who have helped me grow my business,” comments Thetford. Known for her consistent “it would be my pleasure” to accommodate client requests, Thetford extends her willingness to help to her colleagues.

“Stacy is all about giving back and keeping other Chamber members in mind. This year, she designed and installed our award-winning website, which was instrumental in the Chamber receiving Five-Star Accreditation. She always participates in events, consistently tries to reach out to help our Chamber Member community-at-large, and really tries putting people in the Chamber network together,” commented Jim Walker, outgoing Chair. As members’ needs for Chamber services increase, Chambers rely on their boards to do more of the heavy lifting and stand as an example to other members. “It’s more than showing up for a meeting. Active participation helps everyone. Stacy has been an outstanding board member. With board members like Stacy contributing her time and services and setting an example of how to leverage the resources that our Chamber provides, it’s a win-win for everyone.”

About TWD

Thetford Web Development, Inc. is a full service website design and development firm located in the Coachella Valley of Southern California.
